SCALE SYSTEMS

NEW WIRELESS ELITE PRO SCALES

- Completely redesigned for 2024 with the latest Bluetooth 5.0 technology to ensure a hassle-free user experience.
- Extended Bluetooth connectivity provides increased range in any setting, indoor or outdoor.
- Effortlessly connect your scales to your Android or iOS device with a simplified, but secure, pairing process.
- Longacre's most feature-packed scale system to date! Taking measurements has never been more efficient and convenient.
- View live weight and saved data simultaneously on the main, user-configurable screen including corner weights and partial percentages.
- Benefit from additional note-taking, organization, ride-height, and alignment pages.
- Extended memory capacity saves all setup data and allows effortless data export through email or file-sharing using the wireless device.
- Monitor battery status of all 4 pads directly from the app.
- Complete system includes: Android tablet, 15" x 15" low-profile pads with a durable powder-coated finish, storage case, and batteries.
- Pre-configured system is ready to use out of the box with the new and improved Longacre Connect app for Android and iOS, offering free app updates.
- Longacre's internal bridged pad design ensures precise readings by eliminating pad flex, providing accurate measurements even with off-centered loads.

&

Our new app designed to provide you with all the essential information on chassis setups in a user-friendly layout, now available on iOS for iPhones and iPads. When used in conjunction with our state-of-the-art Elite and/or Elite Pro wireless pads, Longacre Connect gives you unparalleled insights into your racing setup, all displayed on a vibrant full-color HD screen.

Statement of Accuracy: Longacre Elite & Elite Pro scale systems are designed with accuracy of 0.1% of applied weight or ± 1 graduation, whichever is greater. Longacre designs systems exceeding 1800lb capacity (per pad) with accuracy of 0.25% of applied weight or ± 1 graduation, whichever is greater. Longacre certifies every set of scales is thoroughly tested, inspected, and found to meet or exceed the published specifications at the time of shipment from the factory at 977 Hyrock Blvd., Boonville, IN 47601. Longacre scales are not designed for, certified for, or recommended for use with any manned aircraft.

Warranty Statement: Longacre Elite & Elite Pro scale systems are warranted to be free from defects due to materials and workmanship for a period of 2 years from the date of purchase. This warranty does not cover damage due to misuse, negligent handling, accident, or damage by fire, water, or uncontrollable forces of nature.

NEW WIRED

ELITE SCALES

- Longacre's most feature-packed, wired scale system to date! All Elite wired scales now include Bluetooth 5.0 connectivity for 2024 providing a hybrid user experience in a traditional wired-scale package.
- Elite scales function as a standalone wired scale system that can also be used as a powerful, wireless racing setup tool.
- Effortlessly connect your scales to your preferred Android or iOS device with a simplified, but secure, pairing process.
- Control box display shows all 4 wheel weights, cross weight, and partial percentages/weights. A single memory session can be saved for quick retrieval through the control box display.
- Optionally pair with the Longacre Connect app to expand the capabilities of the Elite system. Taking measurements with wired scales has never been more efficient and convenient.
- View live weight and saved data simultaneously on the main, user-configurable screen including corner weights and partial percentages.
- Benefit from additional note-taking, organization, ride-height, and alignment pages.
- Extended memory capacity saves all setup data and allows effortless data export through email or file-sharing using the wireless device.
- Complete system includes: 15" x 15" low-profile pads with a durable powder-coated finish, storage case, and batteries.
- Pre-configured system is ready to use out of the box. Bring your own device and pair with the new and improved Longacre Connect app for Android and iOS, offering free app updates.
- Longacre's internal bridged pad design ensures precise readings by eliminating pad flex, providing accurate measurements even with off-centered loads.

INTRODUCING LONGACRE CONNECT - THE NEW MOBILE APP FROM LONGACRE

Longacre Connect, the new user-friendly mobile app from Longacre, is now available on iOS and Android. When used in conjunction with our state-of-the-art Elite or Elite Pro Scales, Longacre Connect gives you unparalleled insights into your racing setup.

COMPREHENSIVE WHEEL WEIGHT DISPLAY

Longacre Connect allows you to view the four-wheel weights and all partial percentages simultaneously. Whether you require a specific combination of partial percentages or prefer to view them all, this app fits your needs.

CONVENIENT SETUP STORAGE

With the new Longacre Connect app, there is NO limit to the number of stored setups! Compare the memory weights with the current weights, ensuring you have the data you need for optimal performance.

SEAMLESS DATA MANAGEMENT

Longacre Connect allows you to save your memory and notes as a .csv file, enabling easy download and sharing. Effortlessly analyze and track your setups, ensuring you have a comprehensive record of the changes and results.

CUSTOMIZABLE CAR ICONS

Personalize your experience by selecting a car icon that corresponds to your racing application. Longacre Connect offers a range of options, including circle track, road race/Indy car, modified, kart, and even the ability to use a picture of your own car as the icon.

EFFORTLESS SETUP

To weigh your car, simply turn on the scale pads and launch the app. Batteries are included and pre-installed, ensuring a hassle-free experience. The Longacre Connect system is self-contained and requires no additional control boxes or tablet/smartphone modules. The wireless signal connects the pads directly to the tablet/phone, eliminating the need for extra equipment.

DEMO MODE

Curious about the app's features? Longacre Connect offers a demo mode that allows you to explore its capabilities without purchasing the full-scale system.

DEVICE COMPATIBILITY

Longacre Connect is optimized for all current iOS and Android devices. We continuously optimize and test the app on alternate devices to ensure the best possible user experience.

EASY PAIRING

We have simplified the pairing process. Simply pair the LF pad with your tablet or smartphone; it's a seamless and user-friendly setup procedure. The process is easy yet remains secure without requiring any "secret codes".

COMPREHENSIVE NOTE-TAKING

Longacre Connect allows you to take detailed notes directly on your tablet or phone, effortlessly linked to the active save. Keep a permanent record of the changes you've made and the results you've achieved. Type notes using the on-screen keyboard or take them by voice, ensuring flexibility and convenience. Add photos of your setup to remember settings, track conditions, and more. With virtually unlimited space available, you can add, edit, or delete notes as needed, recalling them anytime.

EXTENSIVE DATA MANAGEMENT OPTIONS

In addition to note-taking, Longacre Connect allows you to store race notes and chassis setup data, including caster/camber, spring rates, tire pressures, and more. Create a customized template that captures all the information you need, and easily fills in the blanks for each race. The app acts as a comprehensive repository for all your setup and race-related data.

MULTIPLE DEVICE PAIRING

Securely pair as many devices to the scales as you wish and the system will connect to the first available device. This feature allows the user flexibility to choose the most conveniently available device at the time. Only one connected device will operate the scales at a time.

STORAGE BOXES FOR 15" & 12" LOW PROFILE PADS

- Padded lining keeps pads protected.
- Heavy duty aluminum frame with scuff-resistant sides.
- Could also be used for radios or other equipment.

DESCRIPTION	PART #	PRICE
15" Scale Pads Storage Box	52-72292	\$271.99
12" Scale Pads Storage Box	52-72280	\$200.99

GAS CAN SCALE

- Reads to 1/10 lb., 350 lbs. capacity.
- Weigh gas can during a pit stop to determine fuel used.
- 12" x 12" Platform.

DESCRIPTION	PART #	PRICE
Gas Can Scale	52-72330	\$821.99

SIDESLIDER FOR BIND-FREE SETUPS

CHASSIS ROLLER SLIP PLATE

You use ball bearing A frame pivots, low friction ball joints, greaseable Heim joints, and even ceramic bearings all to eliminate suspension friction. Don't set up your car with even a small bind at the scale pads.

ECONOMY SIDESLIDER

When you lift your car to put it on scales the front wheels camber in at the bottom. As you let it down the wheels must be allowed to freely camber back out or there will be a small residual bind in the chassis. This will make your wheel weights (and your setups) less than perfect. To avoid this, the front wheels must be able to easily move sideways. With SideSliders your front wheels can move sideways effortlessly to relieve any camber-induced bind. This will assure you the most accurate, consistent setups possible.

- Rollers are made from a tough, low friction polymer.
- Install under Left Front wheel (it has the most camber change.)
- 3 Spacers are included to re-level your setup.
- Use on any smooth floor surface.

DESCRIPTION	PART #	PRICE
Economy SideSlider Single with 3 Spacers	52-72870	\$175.99
Economy SideSlider Set with 2 Spacers	52-72872	\$217.99

"3D" BALL ROLLER SIDESLIDERS

- Install under both front wheels.
- Must be used under scale pads.
- Supported on ball bearings made from a low friction polymer.
- 2 Spacers are included to re-level your setup.
- Use on any smooth floor surface.

These SideSliders move in 3 directions: sideways, front and back, and they rotate. They are great for checking wheel weights with wheels turned. See what happens to your wheel weights with different caster settings.

DESCRIPTION	PART #	PRICE
"3D" Ball Roller SideSliders 2 Plates and 2 Spacers	52-72875	\$457.99

BILLET ALUMINUM MODULAR SETUP PLATEN

BEST RIGIDITY FOR ACCURATE SETUPS

ASSEMBLES IN 15 MINUTES OR LESS AND DISASSEMBLES EVEN QUICKER.

EASY TO ASSEMBLE. EASY TO TRANSPORT.

The entire Platen is leveled, not just the scale pads as with hi-density foam racks. Modular components assemble quickly, then break down for efficient transportation.

- Four Billet Scale Pad Levelers with pop-out feet (24 total.)
- Two adjustable spanners.
- Two ramps.
- Two horizontal locator bars.
- Billet T6 aluminum scale pad levelers with a full floor for the best rigidity and the most accurate setups.
- Swivel adjusting feet pop out for quick and easy storage.
- Spanners are attached to levelers and are flush with the top of scale pad.
- For 15" x 15" x 2.5" scale pads, wired or wireless.
- Fully adjustable for wheelbase (90" – 110") and track width.

◀ **OPTIONAL VERSION: SideSliders** allow the pads to float effortlessly sideways to relieve any chassis bind caused by camber change. Great for IRS cars.

DESCRIPTION	PART #	PRICE
Adjustable Scale Platen Setup Fixture with Billet Pad Levelers	52-72860	\$3400.99
Adjustable Scale Platen Setup Fixture with 2 SideSliders	52-72865	\$3627.99
Adjustable Scale Platen Setup Fixture with 1 SideSlider	52-72862	\$3513.99
Modular Ramps Only for Adjustable Platen	52-72869	\$575.99

OPTIONAL TURNPLATE ROLL-OFF

OPTIONAL FRONT ROLL-OFF

Set caster and camber right on the platen. These attach quickly and easily to the front levelers and come with pop-out adjusting feet.

This new setup platen uses the best design, engineering, and fabrication. The billet aluminum scale pad levelers are rigid for accurate setups and the formed spanners and ramps are strong, yet lightweight. Just set up the billet levelers and clip on the spanners and ramps.

ADD TO YOUR PLATEN'S FUNCTIONALITY WITH THESE SPECIAL PURPOSE ROLL-OFFS.

DESCRIPTION	PART #	PRICE
Modular Roll-off Platforms for Turnplates - Set of 2	52-72856	\$759.99
Aluminum Turn Plates (Pair)	52-79800	\$1133.99
Modular 18" Roll-offs only - Set of 2	52-72851	\$481.99
Modular 30" Roll-offs only - Set of 2	52-72853	\$363.99

BILLET LEVELERS

MODULAR SCALE PAD LEVELING FIXTURES

BILLET SCALE PAD LEVELERS FOR 2.5" PADS

- CNC machined T6 aluminum.
- Leveling feet "pop in and out" for easy setup and storage. They're held in place with "Rare Earth" magnets.
- Full floor for best pad support and rigidity.

DESCRIPTION	PART #	PRICE
Levelers for 2.5" Pads (Set of 4)	52-72840	\$2153.99

MODULAR DESIGN GIVES YOU ADDED FLEXIBILITY.

BILLET LEVELER

OPTIONAL ROLL-OFF ATTACHES EASILY

MODULAR ROLL-OFF ASSEMBLY

MODULAR 18" ROLL-OFFS SET OF 4

- With pop-out feet.
- Shown with Billet Levelers (not included.)
- Attach easily.

DESCRIPTION	PART #	PRICE
Modular 18" Roll-Offs (Set of 4)	52-72850	\$740.99

BILLET SCALE PAD LEVELERS WITH BUILT-IN SIDESLIDERS

- To relieve camber-induced chassis bind for the most accurate setups.
- Same specs as above, including pop-out feet.

DESCRIPTION	PART #	PRICE
Billet Scale Pad Levelers 2 Built-in SideSliders for 2-1/2" Pads (Set of 4)	52-72844	\$1831.99
Billet Scale Pad Levelers 1 Built-in SideSlider for 2-1/2" Pads (Set of 4)	52-72842	\$1871.99

(For cars with independent rear suspension.)

LEVELING ACCESSORIES FOR NEW STYLE SCALE PAD

Pop-out feet stored in sturdy case. 4 Adjuster tools included.

1 PIECE BILLET ROLL-OFF LEVELER FOR 2.5" PADS - SET OF 4

- Full floor for best pad support.
- CNC machined for accurate setups.
- Includes 2 sets of wheel stops.
- Use with wired or wireless scales.
- Includes 24 pop-out feet, 6 per leveler, for best support.

DESCRIPTION	PART #	PRICE
Set of 4 with 18" Roll-Off Area	52-72831	\$3173.99
Set of 4 with 2 SideSliders	52-72845	\$3513.99
Set of 4 with 1 SideSlider	52-72843	\$3060.99

FULL FLOOR FOR BEST PAD SUPPORT.

SHOWN WITH TURNPLATE ROLL-OFF.

MODULAR ROLL-OFF PLATFORMS FOR TURNPLATES

Most other roll-off fixtures only have 12" to 14" of roll-off area. Sometimes that's not quite enough. If you start with low tire pressures, the "contact patch" can be long. Set your caster and camber right on the fixture. Roll-offs for turnplates attach to front of levelers. Includes 2 pop-out leveling feet for convenient storage. (Billet pad levelers not included.)

DESCRIPTION	PART #	PRICE
Modular Roll-Off Platforms For Turnplates (Set of 2)	52-72856	\$949.99

Turnplate roll-off platform (front) shown with billet leveler and turnplates. (Turnplates not included.)

BILLET SCALE PAD LEVELERS AND 18" ROLL-OFFS - SET OF 4

DESCRIPTION	PART #	PRICE
Billet Scale Pad Levelers & 18" Roll-Offs (Set of 4)	52-72830	\$1871.99
Modular 18" Roll-Offs Only (Set of 2)	52-72851	\$481.99
Modular 30" Roll-Offs Only (Set of 2)	52-72853	\$363.99

Shown with Modular Billet leveler. Works with 1 piece Billet leveler or Modular leveler. Roll-offs for turnplates - attach to front of levelers - includes 2 pop-out leveling feet for convenient storage.

ALUMINUM TURN PLATES

- Low profile – only 1" tall.
- Reads to 0.5° – Indicator can be zeroed with the car on.
- Free floating in 2 directions eliminates bind.
- Can be used on top of scale pads.

DESCRIPTION	PART #	PRICE
Aluminum Turn Plates (Pair)	52-79800	\$1133.99
Single Aluminum Turnplate with Spacer	52-79805	\$622.99
Turn Plate Spacers with Slip Plates (Pair)*	52-79751	\$135.99

*To level rear of car when using turnplates on ground.

TURN PLATE RAMPS

Roll on to avoid camber bind.

DESCRIPTION	PART #	PRICE
Turn Plate Ramps - Set of 4	52-79753	\$309.99

Turn Plates not included.

ALUMINUM RAMPS 36" LONG (SET OF 4)

- To get your car on the scales easier.
- Car rolls up on scales much easier than shorter ramps and is quicker than using a jack.
- Formed aluminum, strong, lightweight, and durable.
- Set of 4 for 2.5" scale pads.

DESCRIPTION	PART #	PRICE
Aluminum Ramps - 36" Long (Set of 4)	52-72537	\$409.99

4"
Screw-in
feet.

4"
Pop-out

8"
Pop-out
feet.

REPLACEMENT FEET SCREW-IN & POP-OUT

- Screw-in or pop-out swivel feet sold in pairs (not interchangeable).
- Screw-in feet for formed levelers and pop-out feet for billet levelers.
- Screw-in feet are 1/2"-13 thread.
- 8" Legs are made from premium SAE 4140, rolled threads and double heat treated for strength.

DESCRIPTION	PART #	PRICE
Screw-In Swivel Feet 4" (Pack of 2)	52-72894	\$43.99
Screw-In Swivel Feet 8" (Pack of 2)	52-72890	\$135.99
Pop-Out Feet 4" (Pack of 2)	52-72896	\$51.99
Pop-Out Feet 8" (Pack of 2)	52-72893	\$117.99

FORMED ROLL-OFF LEVELERS FOR 2.5" SCALE PADS

- Roll car off scale pads then back on again to eliminate camber bind.
- Rigid formed and welded aluminum construction.
- Wheel stops on 2 roll-offs for safety.
- 6 HD swivel feet for easy leveling on most any surface (not pop-out style.)
- New design lightweight and more rigid.

DESCRIPTION	PART #	PRICE
Roll-Off Levelers for 2.5" Scale Pads	52-72905	\$1586.99

NOTE: These devices are not for use with our dual cell low deflection scale pads. See billet levelers and roll-offs.

INDIVIDUAL SCALE PAD LEVELERS

- For a quick, accurate setup anywhere.
- 4 HD swivel feet (not pop-out style.)
- Formed and welded.

DESCRIPTION	PART #	PRICE
Pad Levelers (Set of 4)	52-72900	\$1019.99

BUDGET ROLL-OFFS FOR 2.5" PADS ON GROUND

DESCRIPTION	PART #	PRICE
Budget Roll Offs	52-72904	\$217.99

Not for Turn Plates.

BILLET ALUMINUM ELECTRONIC COIL SPRING TESTER

- 0-3000 lbs. by 1 lb.
- 8.5" Space between posts.
- Digital travel to .001".
- 6" to 20" tall springs.
- 5" and 5.5" coil springs, square and 6" diameter 'pigtail' ends and coil-overs.
- Includes easy-to-use digital indicator to measure spring travel and a digital load readout.

DESCRIPTION	PART #	PRICE
Billet Aluminum Electronic Coil Spring Tester	52-73505	\$1482.99

Batteries not included. Must purchase 2 CR2032 batteries for use.

SHOCK UNLOAD COLLAR

This collar is required when using the spring unload feature of the spring tester.

DESCRIPTION	PART #	PRICE
Shock Unload Collar 1.0"	52-73509	\$30.99

COIL-OVER WRENCH BILLET ALUMINUM

- Billet aluminum keeps coil-overs undamaged.
- Replaceable stainless-steel pin.
- Comfortable handle with rounded edges makes adjustments easy.

DESCRIPTION	PART #	PRICE
Coil-Over Wrench	52-22589	\$50.99

SPRING RUBBER LARGE SPACING COIL-OVER

Many front-running teams are using the new style coil-over springs that have fewer coils and wider spacing, giving more spring travel before coil bind. With these spring rubbers, you can now fill that larger gap between coils to fine-tune your set-up.

DESCRIPTION	PART #	PRICE
Orange Soft 1-1/4"	52-61016	\$56.99
Red Medium 1-1/4"	52-61041	\$56.99
Blue Hard 1-1/4"	52-61051	\$56.99

SPRING RUBBER STANDARD COIL-OVER & BIG SPRING

- 0.75" Thick (coil-over.)
- 1.25" Thick (5" or 5.5".)

DESCRIPTION	RUBBER	PART #	PRICE

*For relative compression only.

LASER CHASSIS HEIGHT CHECKER & LASER LEVEL

- Check actual chassis height when the car is on scales or on a leveler. Don't get your setup 'just right' only to find out the car is too low or too high once you get it back on the ground.
- Includes an easy to set-up self-leveling beam laser, 4 easy to read targets that are held to the frame with magnets, and a separate pad leveling target for leveling the scale pads and establishing the 'ground plane' to measure chassis heights.

DESCRIPTION	PART #	PRICE
2" to 6" Range	52-72983	\$373.99
2" to 8" Dirt Cars	52-72985	\$373.99
1" to 4.5" Range	52-72981	\$373.99

CHASSIS HEIGHT CHECKER

Imperial &
Metric Readout.

- With the car on the ground, it measures chassis height directly, accurate to .0625".
- With the car on scale pads, it measures from top of pads to frame directly (no subtracting needed.)
- Measures chassis height dynamically, as you work on car. Magnet holds tape to frame. Indicator shows height as car moves up and down. Use set of 4 to quickly see height at all 4 corners.
- 2 Lengths – 24" for perimeter frames, 36" for straight rail cars on right side.
- Measures height from 2"-10" on 24" and 2"-15" on 36".

DESCRIPTION	PART #	PRICE

Imperial &
Metric Readout.

Not for use with
levelers or roll-offs
or when car is not
on scales.

MINI CHASSIS HEIGHT CHECKER

Great for quick, accurate checks of chassis height. Push it under the car, raise the tape with the knob, pull it out, and read the height. Range is 2"-8", accurate to .0625". This is a shortened and simplified version of the Chassis Height Checker above. Quick, accurate, and easy-to-use. It's a great replacement for 'step' type tools, more accurate, more versatile, and easier to use.

Mini Chassis Height Checker	52-78318	\$101.99

DIGITAL CASTER/CAMBER GAUGES

- AccuLevel™ Pro Model.
- Super Magnetic adapter.
- Padded carrying case.

THIS IS A MUST HAVE TOOL.

Longacre's super accurate digital caster/camber gauge reads to 0.1° (1/10°) and is at a price any serious team can easily justify. It comes with our latest magnetic adapter and a padded hard carrying case. There is a backlight for dark areas and a "Hold" feature for hard-to-reach places.

DESCRIPTION	PART #	PRICE
Caster / Camber w/ AccuLevel™	52-78290	\$362.99
Caster / Camber w/ AccuLevel™ Less Adapter	52-78291	\$328.99
Kart Caster / Camber Gauge w/ AccuLevel™	52-78292	\$271.99

NEW: Billet Magnetic adapter now with 8 premium "Rare Earth" magnets for a stronger pull. Installed from the back for protection. Flush face and easy to clean.

AccuLevel™

Easily removes from gauge and can be used for other measurements such as spoiler and A frame angles, suspension, driveline, etc.

Great for bump stop cars with high LF camber. Reads as high as you need.

Comes with hard case.

DIGITAL CASTER/CAMBER GAUGE ACCULEVEL™ & QUICKSET™ ADAPTER

This is the fastest way to check your front-end alignment, just hold it against the rim for easy, accurate readings. No spindle adapters required here. Made from CNC machined billet aluminum. Works on most race cars, up to a 17" wheel. Three-point design squares up to your wheel, folds up for easy storage. Uses most caster/camber gauges. Billet aluminum fully CNC machined. Rigid for accurate readings. Three-leg design squares gauge to your wheel.

- Billet aluminum fully CNC machined. Rigid for accurate readings. 3-Leg design squares gauge to your wheel.
- Comes with hard case.
- Reads to 0.1°.
- Will work on most cars.
- AccuLevel™ digital readout can be easily removed and used for other angle measurements on the car.
- Can compensate for unlevel ground and more accurate readings.
- Just hold it against the rim to take a measurement, no adapter needed.
- Digital C/C gauge with AccuLevel™ and QuickSet™ adapter with case and reads to 0.1° camber.
- For wheels 12" to 17".

BILLET CASTER/CAMBER GAUGES

CNC machined from a solid billet of T6 aluminum polished, Bright Dip anodized and laser engraved.

THIS IS A PROFESSIONAL GRADE TOOL.

BILLET CASTER/CAMBER GAUGES

- Expanded range - measures camber to + or -9° and caster + 12° to -4°.
- Glow-in-the-dark vials, much easier to read.
- CNC machined billet aluminum-polished, Bright Dip anodized, laser etched.
- Super Magnetic adapter, stronger pull. Uses 8 premium "Rare Earth" magnets to hold to your hub better.
- CNC machined for a dead flat surface and the highest accuracy possible.
- Can measure caster with or without turnplates. Best accuracy if used with turnplates.
- All vials checked for accuracy to 1/4°, assembled on a precision fixture.

All gauges come with a premium hard case.

Most adapters screw onto spindle, except magnetic and QuickSet™.

Small wheels on the bar let it slide under the car more easily.

TOE-IN BAR

Similar to our [52-79620](#) Toe-In Gauge, but this new model measures to the outside of the tire. No scribe line needed. Reads toe to 1/16". Can be done by one person. Billet aluminum. Adjustable up to 88" in width. Great for wide-track cars, Corvettes, etc.

DESCRIPTION	PART #	PRICE
Toe-In Bar	52-79622	\$430.99

TOE-IN GAUGE

To get a very accurate toe-in measurement, jack up front wheels and scribe a true running line on the face of the tire. (See Billet Tire Scribe.) Place the gauge in front of the tires and align the pointers with the scribe lines. Then, move the gauge to the rear of the tires and align the fixed end with the scribe line. On the other end, loosen the thumb screws and move the slider until the pointer aligns with the other line. Now read the exact toe-in on the scale.

- An accurate way to measure toe-in to within 1/16".
- Easily done by one person.
- See [52-79610](#) Billet Tire Scribe.

DESCRIPTION	PART #	PRICE
Toe-In Gauge	52-79620	\$134.99

BILLET TIRE SCRIBE

- Use to make a true running line on the face of the tire for measuring toe-in.
- Use with [52-79620](#) Toe-In Gauge.
- Spring loaded for easy one-person use.
- Folds up for easy storage.

DESCRIPTION	PART #	PRICE
Billet Tire Scribe	52-79610	\$152.99

TIRE ROLL OUT FIXTURE

- Wheel spins freely.
- Find leaks, punctures, or tire damage fast.
- Includes 10' stagger tape.

DESCRIPTION	PART #	PRICE
Tire Roll Out Fixture	52-50853	\$112.99

POWER TAPES

- 1/4" x 10' for stagger inches only.
- 3/4" x 16' for toe-in, wheelbase, etc. Inches only.

DESCRIPTION	PART #	PRICE
Power Tape 1/4"x 10'	52-50870	\$10.99
Power Tape 3/4"x 16'	52-50875	\$11.99

CHASSIS SETUP CHARTS

- Punched for 3 ring binder.
- Packaged 1 pad, 50 sheets.

DESCRIPTION	PART #	PRICE
Chassis Setup / Tire Chart	52-22528	\$11.99

TOE-IN PLATES DELUXE HD

- Thicker material and deeper bend gives you more rigid plates for better accuracy.
- Higher kick-out on bottom holds plate against the wheel better. Great for cars with high camber LF wheels (bump stop cars).
- Magnets on one plate hold the tapes in place.

DESCRIPTION	PART #	PRICE
Deluxe HD Toe-In Plates (Pair)	52-79505	\$165.99

Magnets hold tapes in place during use.

Easier to read.

Great for high camber LF wheel.

Magnets hold tapes in place during use.

Magnets hold tapes in place as you work.

TOE-IN PLATES STANDARD

- Quickest and simplest way to measure toe-in.
- Rest one of these plates against the tire on each side and measure toe directly using the 2 tapes included.
- Formed design is rigid for accuracy and stays put against the tire.

DESCRIPTION	PART #	PRICE
Standard Toe-In Plates (Pair)	52-79501	\$77.99

QuickToe™ SETTING TOOL

Here's a different way to set your critical toe-in. A pair of three-pointed fixtures mount to the wheels (with magnets) for super accuracy. You can even attach a caster/camber gauge to either side. Use tapes included to measure toe directly.

- Includes set of 2 fold-up fixtures, 2 tapes, hard carrying case.
- Magnets in the legs hold your steel wheel – one on each side.
- Eliminates tire 'bulge' error.

DESCRIPTION	PART #	PRICE
QuickToe™ Setting Tool	52-79630	\$441.99

Mounts on the wheel for best accuracy.

Makes setting toe a quick 1 person job.

Attaches to steel wheels.

STAGGER GAUGES

CHECK YOUR STAGGER QUICKLY AND ACCURATELY

BILLET ALUMINUM STAGGER GAUGE

- 3/8" Thick T6 billet aluminum arms for extra rigidity and accuracy.
- Tight tolerance square tubes for accuracy. Custom extruded 6061-T6 aluminum.
- 62" to 110" circumference, in 1/8" increments.
- Scale on two sides. Easy to read with tires on the car or flat on the ground.
- Bolted together - no welding distortion.
- Anodized red.

DESCRIPTION	PART #	PRICE
Billet Aluminum Stagger Gauge	52-50840	\$103.99

DELUXE BILLET STAGGER GAUGE WITH ROLLER

- Roller on one end makes measurements easier.
- 3/8" Thick T6 billet aluminum arms for extra rigidity and more accurate readings.
- Measures from 62" to 110" in 1/8" increments.
- Tight tolerance square tube design for accurate results.
- Extra-long billet arms, longer 9-3/4" for wider tires.
- Scale on two sides - easy to read with tires on the car or flat on the ground.
- Bolted together, no welding, anodized red.

DESCRIPTION	PART #	PRICE
Deluxe Billet Stagger Gauge with Roller	52-50846	\$165.99

Both models use custom tight tolerance aluminum tubes for more accurate readings.

Both have dual scales on two sides. Easy to read with tires on the car or flat on the ground.

PRECISION BUMP STEER GAUGE WITH BILLET PLATE

This simplified design uses a single indicator to tell you the exact amount of bump steer within .001". No need to subtract one dial reading from another, less chance for error.

- Precision plate. 3/8" Thick T6 aluminum billet for the ultimate in accuracy. Anodized and laser engraved.
- Compact frame. More rigid billet and tube design for the best accuracy. Bright Dip anodized.
- Most accurate, easiest, and quickest way to measure your critical bump steer.
- Extended height design. Check bump steer at ride height or on stands.
- 3/8" Thick wheel plate has mounting holes for most 5 bolt patterns (4-1/2" to 5") and most wide 5 with 4, 5, and 8 bolt flanges.
- Center hole is 3-1/4".

DESCRIPTION	PART #	PRICE
Gauge with 5 Bolt, Wide 5 Plate	52-79005	\$498.99
Gauge with Blank Billet Plate	52-79011	\$373.99
Gauge with 4 & 5 Bolt Sport/Compact Plate	52-79003	\$327.99

DIGITAL BUMP STEER GAUGE WITH BILLET PLATE

- Similar to 52-79005 above, but with precision digital readout.
- Easy to use – Push Zero, move suspension, read bump directly to .001".
- Includes billet plate – see above.

DESCRIPTION	PART #	PRICE
Digital Bump Steer Gauge with Billet Plate	52-79015	\$566.99

SNAP CAP HUB MOUNTING STAND-OFFS

- For hubs with no mounting holes. These stand-offs screw on wheel studs (5/8" C.).
- Set of 2 stand-offs and bolts.

A TOTALLY NEW KIND OF **TIRE PRESSURE GAUGE**

Tire Pressure & Pyrometer Combined

US Pat.
#6,983,209

TEMPERATURE COMPENSATING TIRE PRESSURE GAUGE TO 0.1 PSI

If tire pressures are critical to your car's performance, closer than +/- 1 psi, then you really need what this gauge can do for you. Pressures must be set in the pits, but the tires sitting there can easily vary by as much as 20°. If you want the tire to grow to 38 psi on the track, you set it in the pits at 28 psi. Sounds reasonable. You have been doing it for years.

But what was the temperature in the pits? If it was 80° you are OK. But what if one or two had been in the sun and had crept up to 90°? For every 10° temperature change, there is a 0.8 psi change. So instead of 28 psi (at 80°) you effectively set it at 27.2 psi. (What it would have been at 80° rather than 90°?)

Would this make a difference? If it would, you really need to set all starting pressures at the same temperature, week in and week out. This way, the on-track pressures will be the same. But how do you do that? You will have great difficulty controlling the temperatures, and yet you need to.

A better way is to correct the pressures to what they would have been had you been able to keep the tires at a constant temperature. You could use a pyrometer to measure the tire's temperature, then use a calculator to compute what the pressure should be at that temp rather than just putting in 28 psi.

But you don't have to do that. This "Temperature Compensating Tire Pressure Gauge" will do it for you. It can take the temperature of the tire using a traditional tire temp probe, instantly calculate the correction back to a standard temperature, and show the pressure you should be putting in the tire. It may not be the actual pressure at that moment, but it will be the correct pressure when it counts on the track.

Tire Temperature Probe

- Corrects tire pressures back to a standard temperature.
- Displays an estimate of the pressure at this temperature.
- Reads 0-100 psi by 0.1 psi.
- Will also function as a traditional tire pressure gauge showing actual pressures with all 4 stored on display.

52-50745

- Works as a precision tire pyrometer, displaying all 12 tire temperatures at the same time.
- Back light for night use.

DESCRIPTION	PART #	PRICE
0-100 psi Gauge w/ Pyrometer & Case	52-53050	\$735.99
0-100 psi Gauge w/ Case Only	52-53053	\$566.99

TRADITIONAL TIRE PRESSURE MODE:

Displays actual tire pressures.

PYROMETER MODE:

Ultra-fast response and displays all 12 temperatures so you don't need to write them down as you go.

COMPENSATED PRESSURE MODE:

Displays what pressures would be at the standard temperature (80°F).

DIGITAL ANALOGUE & LIQUID

- Glow-in-the-dark dials.
- New 40 psi models.
- Gauges are damped for greater accuracy and durability.
- Digital, analog, and liquid filled.

- Durable mechanisms stand up to tough racing use and maintain accuracy.
- Most gauges come with angle and ball chucks.

MAGNUM™ 3.5" FACE

- Dual bleed buttons. Holds pressure.
- 40 psi plus 0-15, 30, 45, & 60 psi.
- Includes hard case.

Pro-Team TIRELIEFS™ Kit	52-50100	\$418.99

QUICK CHANGE ADAPTER

- Makes quick work of changing or resetting TIRELIEFS™.
- Unscrew and remove the TIRELIEF™ valve from the rim without losing air pressure.
- Aircraft alloy aluminum, low profile.
- Installs in 5/8" hole in rim, use factory valve stem hole or drill a new one.

DESCRIPTION	PART #	PRICE
TIRELIEFS™ Kit	52-50240	\$56.99
Replacement Grommets 4*	52-50301	\$11.99

*Not for use with 52-50265.

INFLATION ADAPTER

- Use to air up tires when a quick change adapter is installed in the valve stem hole.
- Saves drilling a hole in the rim.

DESCRIPTION	PART #	PRICE
TIRELIEFS™ Kit	52-50220	\$17.99

TIRELIEF™ SETTING TOOL

- Lets you set your TIRELIEFS™ valves before you install them in the rims.
- Uses compressed air to accurately simulate tire pressure.

DESCRIPTION	PART #	PRICE
0-60 psi	52-50290	\$51.99

TIRELIEFS™ TIRE PRESSURE RELIEF VALVES

- Relieves tire pressure build-up automatically as you race.
- 3-40 psi range.
- 100 Mesh inlet filter, to keep dirt inside tire from plugging TIRELIEFS™.
- Lightweight aluminum, only 9 grams, won't affect wheel balance.
- To install, drill, and tap a 1/8" NPT thread in rim.

DESCRIPTION	PART #	PRICE
Set of 4	52-50000	\$129.99

HI TEMP 400° SILICON VALVE STEM QC GROMMETS

DESCRIPTION	PART #	PRICE
TIRELIEF™ QC Grommets*	52-50301	\$11.99
TIRELIEF™ Replacement "O" Rings & Quad Seals - Set of 4	52-50008	\$17.99

*Not for use with 52-50265.

LOW PROFILE VALVE STEMS

- High-temperature grommets.
- Low profile.
- Set of 4.
- Hole size to be drilled into the wheel: 5/8".

DESCRIPTION	PART #	PRICE
Brass Set of 4	52-50265	\$27.99

Comes with hard case.

DUROMETERS

DIGITAL & DELUXE DIAL TYPE

- Straight edge on base to 'rock' durometer for more consistent results.
- Dial type reads from 0-100 points.
- Shore 'A' scale.
- Non-slip coating for better grip.
- Dial type calibration test block included.
- Dial type can be 'Zeroed'.
- Come with hard case and pouch.

DESCRIPTION	PART #	PRICE
Digital Durometer	52-50547	\$147.99
Deluxe Dial Type Durometer	52-50546	\$101.99

BASIC DUROMETER

DIAL TYPE

- Racing tire hardness tester.
- Reads from 0-100 points.
- Dial can be 'Zeroed'. (Shore 'A' scale.)

DESCRIPTION	PART #	PRICE
Basic Dial Durometer	52-50553	\$89.99
Durometer for RC Car Tires	52-79980	\$81.99

TREAD DEPTH GAUGES

DIAL TYPE

- Dial Type reads in 1/32", accurate to 1/128".
- Quick and easy to use.
- Precision billet aluminum base.
- Can be easily field calibrated.

DESCRIPTION	PART #	PRICE
Dial Tread Depth Gauge with Pouch	52-50560	\$30.99

Includes hard case & calibration test block.

DUROMETER & TREAD DEPTH GAUGE SETS

DESCRIPTION	PART #	PRICE
Dial Durometer & Tread Depth Gauge Set	52-50556	\$135.99

POLISHED AIR TANKS PORTABLE ULTRA LIGHTWEIGHT

- Available with or without filler tire gauge.
- Special Inlet valve fills tank in less than 15 seconds with adequate air supply.
- Filling most tanks can take 90 seconds of precious practice time.
- These tanks include a Universal Air Quick-Change coupler.

DESCRIPTION	PART #	PRICE
Deluxe 5 Gallon Tank - No Tire Pressure Gauge - with Special Inlet Valve	52-50316	\$226.99
Deluxe 5 Gallon Tank w/ Quick Fill Tire Pressure Gauge - Angle Chuck*	52-50315	\$316.99
Deluxe 5 Gallon Tank w/ Digital Quick Fill Tire Pressure Gauge - Angle Chuck*	52-50311	\$261.99

*Gauges read 0-60psi.

36" Hose, tire chuck, standard fill valve.

LIGHTWEIGHT AIR TANKS

DESCRIPTION	PART #	PRICE
Standard 5 Gallon Tank - No Tire Pressure Gauge	52-50305	\$180.99
Standard 2 Gallon Tank - No Tire Pressure Gauge	52-50308	\$158.99

COMPACT VALVE CORE TOOL

- Aluminum body, steel tip.
- Put on your key chain, for quick access.

DESCRIPTION	PART #	PRICE
Core Tool	52-50272	\$11.99

4 WAY VALVE CORE REPAIR TOOL

- R & R valve cores.
- Recuts damaged threads.

DESCRIPTION	PART #	PRICE
Core Repair Tool	52-50274	\$8.99

BILLET ALUMINUM VALVE CORE STEM TOOL

- Anodized billet aluminum with stainless steel tip.
- Includes 3 spare valve cores.
- Conveniently stores spare valve cores in the handle.

DESCRIPTION	PART #	PRICE
Core Stem Tool	52-50270	\$21.99

FULL FLOW AIR FILLER CHUCK

- For filling tires.
- Not for gauges.
- Fitting not included.

DESCRIPTION	PART #	PRICE
Filler Chuck	52-50490	\$8.99

TIRE GAUGE CHUCKS

- Swivel fitting for easy use.
- "Angle" style chuck.

DESCRIPTION	PART #	PRICE
Angle Chuck	52-50496	\$12.99

UNIVERSAL AIR TOOL QUICK DISCONNECT

- Connects to all 3 common fittings.
- No more switching fittings to use that new or borrowed tool.

DESCRIPTION	PART #	PRICE
Pair	52-36013	\$11.99

TIRE MARKING PEN

- Makes a finer line, easy to read.
- Mark tire sizes, pressures, etc.
- Hard paint won't come off from heat.

DESCRIPTION	PART #	PRICE
Single Stick	52-50882	\$11.99
Box of 12 Bulk	52-50883	\$78.99

MEMORY TIRE PYROMETER

Large High Resolution tablet display shows all 12 temperatures at the same time. Memory for 100 sets of temps can be scrolled up or down to compare with current temperature.

- Fast response for quick temps, use the exclusive "Anticipation Mode" that uses a precision algorithm to predict the ultimate temperature. Makes taking all 12 temps even faster and more accurate.
- Computes tire temperature averages.
- Fast response tire probe with adjustable tip length.
- Comes with hard carrying case.
- Available with a tablet or use the tablet from your scales (Also compatible with Android™ Smartphones). Just download the free app.

READER ATTACHES TO MAGNETIC BASE ON TABLET.

HOW TO PAIR A TABLET TO A MEMORY TIRE PYROMETER

DESCRIPTION	TABLET	PART #	PRICE
Pyrometer with Tablet	Included	52-50650	\$601.99
Memory Tire Pyrometer Probe	Not Included	52-50745	\$415.99
Replacement Pyrometer Probe	Not Included	52-50730	\$112.99
Adjustable Pyrometer Probe	Not Included	52-50750	\$163.99

DELUXE MEMORY TIRE PYROMETER

Memory stores 10 complete sets of temps (120 total) with quick and easy recall. Special software prevents accidental erasure of temps. Take tire temps in the pre-programmed order or select any order you prefer. Computes tire temp averages for temps just taken, recalled from memory, or you can even manually enter temps taken previously to compute averages. Advanced electronics stabilize your readings quickly giving you accurate, consistent results. Pyrometer comes with a built-in night light with auto shutoff, fast response coiled cord adjustable tire probe, and carrying case. It also features a built-in four car stopwatch with 70 lap memory for all 4 cars.

- Displays all 12 tire temperatures at the same time.
- Memory stores 10 complete sets of temperatures.
- Computes tire temperature averages.
- Built-in 4 car 70 lap Memory Stopwatch with interval timing.
- Electronics stabilize readings for consistent results.
- Takes temperatures in any order.
- Carrying case & adjustable probe included.
- Built-in night light.
- Uses 9-volt battery (included).
- Interval Timing: In addition to our 4 car built-in stopwatch function, you can now get overall lap times plus 3 different segments within that lap. Check corner exit times, straightaway times, or individual corner times - any partial lap segment time you want.
- Adjust the probe depth to your preference or type of tire.
- Metric Option: Factory switchable to read in °F or °C.
- Standard version comes without averaging, stopwatch, or backlight, and has non-adjustable tip probe.

DESCRIPTION	PART #	PRICE
Deluxe Memory Tire Pyrometer, Reads °F	52-50690	\$577.99
Deluxe Memory Tire Pyrometer, Reads °C	52-50691	\$577.99
Standard Memory Tire Pyrometer, Reads °F	52-50682	\$531.99
Standard Memory Tire Pyrometer, Reads °C	52-50683	\$531.99
Memory Tire Pyrometer Probe	52-50745	\$415.99

See p.26 for info on our TEMPERATURE COMPENSATING TIRE PRESSURE GAUGE

INFRARED LASER PYROMETER STANDARD & HIGH TEMPERATURE

- Instant response, non-contact temps.
- 600°F for Standard, 1400°F for High Temp.
- Reads Fahrenheit or Celsius.
- Back light for night use.
- Laser sighting for accuracy.
- Holds readings longer for easier use.

DESCRIPTION	PART #	PRICE
Infrared Laser Pyrometer	52-50612	\$55.99
High Temperature Infrared Laser Pyrometer	52-50615	\$119.99

DUAL FUNCTION LASER PYROMETER WITH TIRE PROBE

- Use as a probe type pyrometer for tires or as non-contact IR pyrometer.
- Accurate, fast response in either mode.
- 1400° Range on IR, 500° range with tire probe.
- Reads Fahrenheit or Celsius.
- Includes tire probe and new hard case.

DESCRIPTION	PART #	PRICE
Infrared Laser Pyrometer with Tire Probe	52-50620	\$199.99
Memory Tire Pyrometer Probe	52-50745	\$415.99

TIRE PYROMETERS BASIC & DELUXE

- Accurate, fast response.
- Reads Fahrenheit or Celsius.
- Low battery indicator and auto shut-off.
- 2000° Range on deluxe, 1400° range on basic (with proper probe.)
- Can hold highest temperature reached.
- Compares one temperature to another with the push of a button.
- Deluxe comes with coil cord tire probe and carrying case.
- Basic pyrometer comes with straight cord tire probe.

DESCRIPTION	PART #	PRICE
Basic Digital Tire Pyrometer	52-50635	\$160.99
Deluxe Digital Tire Pyrometer & Case	52-50640	\$207.99
Deluxe Digital Tire Pyrometer & Clipboard	52-50642	\$151.99
Memory Tire Pyrometer Probe	52-50745	\$415.99

TIRE TEMPERATURE CHARTS

- Chassis setup sheet on front. 2 tire temperature charts on back.
- 1 Pad of 50 sheets.

DESCRIPTION	PART #	PRICE
Tire Temperature Charts	52-22528	\$15.99

Digital Elite Waterproof Gauges

WATERPROOF GAUGES FEATURES AND BENEFITS

- The new waterproof design eliminates the need to remove gauges before you wash your car.
- Manufactured with IP-66 certified methods to be waterproof; dust tight and safe against powerful water jets.
- Digital Elite gauges feature LED digital numbers and illuminated dial lights.
- Custom set your warning settings and brightness.
- Panels are completely wired and ready for quick installation.
- Many panel combinations are available to suit your specific racing needs.
- Available with sensors included or without sensors to allow a retro fit to your existing Longacre® sensors.

WATERPROOF ALUMINUM PANELS

PRESSURE SENSOR FIREWALL MOUNTS FOR LED WATERPROOF GAUGES

MUST BE USED FOR WARRANTY WITH
LED AND SMI™ GAUGES!

Isolates sensors to eliminate engine vibrations. Available with 1, 2, and 3 ports. Allows for remote mounting sensors away from heat. Allows remote mounting for applications where the engine is far from the driver's compartment. For use with all 1/8" NPT pressure sending units.

DESCRIPTION	PART #	PRICE

LSMiTM Elite

WATERPROOF ALUMINUM PANELS

- New waterproof design eliminates the need to remove gauges before you wash your car.
- LED backlit numbers and illuminated pointers.
- Custom set your warnings and brightness.
- Backlight changes color based on the warning.
- Panels are completely wired and ready for quick installation.
- Many panel combinations available to suit your specific racing needs.
- All sensors are included.
- New 2-5/8" tachometer available with high RPM, average low RPM, and average high RPM recall.
- New water pressure gauge option available.
- Legal in most sanctioning bodies, including IMCA.

Pre-wired and ready to install. Saves time and hassle. Panels are also available with 100 psi fuel pressure and volt meter gauges. Please call for part numbers and pricing.

WATERPROOF TACHS

2-5/8" LED & SMi™ MEMORY TACHS

- LED backlit numbers and illuminated pointers.
- Compact lightweight design.
- Improved larger digital readout.
- Will recall with ignition turned off.
- 100 lap average low and high RPM recall.
- Works with most cylinder combinations.
- Works with 2 stroke or 4 stroke engines
- Reads 0-10,000RPM.

DESCRIPTION	PART #	PRICE
Digital Elite Tach	52-46863	\$199.99
SMi™ Elite Tach	52-46747	\$224.99

"STEPPER MOTOR" SMi™

4.5" MEMORY TACHS

- SMi™ AccuTech™ 4.5" Memory Tach.
- Maximum RPM recall.
- Can also be used as a 2 stage shift light.
- LED back light shows through the dial face and the pointer is LED illuminated to make this the easiest tach to read.
- High RPM Warning light: 2 stage. First warning can be set for just over your normal maximum RPM, the second stage at the redline. You get a warning of too many revs before you blow an engine.
- 52-44410 'Stepper Motor' Tachometer Filter required with "HEI Style Ignitions".

DLi™ DATA LOGGING

4" STEPPER MOTOR TACHS

- DLi™ Tach: better than only 3 or 4 highs and lows.
- See all the highs and lows to closely analyze RPM changes.
- Records RPM all around the track. Replay in the pits.
- Playback can be real-time, 1/2 speed, or double to see a full lap quickly.
- You can record multiple sessions or just highest RPM if that's all you need.
- Multi-stage progressive shift light for precision shift points or a pit road speed indicator.
- The 2 stage high RPM warning light will help prevent over-revving expensive motors.
- The numbers are LED backlit and the pointer is illuminated for easy reading.

DESCRIPTION	PART #	PRICE
Tach Only	52-44390	\$399.99
Tach with Panel	52-44479	\$399.99

DIGITAL MEMORY TACH

- Accuracy to within 10 RPM.
- Ultra lightweight only about 1.5 oz.
- Fast response, easy recall.
- High RPM warning light, helps prevent accidental over revving of expensive motors.
- Tach function is self-powered.
- Battery lasts 300+ hours, with the option to connect to car's power for back light and warning light.
- Includes mounting bracket.

DESCRIPTION	PART #	PRICE

0 - 19,000 RPM Digital Memory Tach	52-44402	\$224.99

NEW!

SPORTSMAN™ ELITE GAUGES & PANELS

Sportsman Elite Gauges take the traditional Sportsman gauge to the next level by incorporating our trusted SMi™ technology into this new mechanical gauge. This gauge eliminates the need for external warning lights, allowing for less extra wiring and maintenance. The new Sportsman Elite Gauges come with the warning lights built in for added convenience. Once the gauge reaches the warning desired by the sending unit, the gauge changes to the correct warning color. The gauge has a bright white background with a red needle that makes it extremely easy to read. This new gauge is legal in all forms of motorsports and classes. **Gauges require warning sensors sold separately. Pressure gauges require a gauge line kit sold separately.**

Barrel Valve Setting Tool Replacement Hose	52-73017	\$35.99

LEAK DOWN TESTER DIGITAL

- Much more accurate than traditional testers.
- Reads critical leak down to 0.5% (0.5 of 1%.)
- Gauges have back lights for easy readability and low battery indicators.
- 14mm Spark plug connector included (12 mm and barrel valve available.)
- Control inlet valve avoids shock to gauges when air is turned on, allowing more accurate readings, easier use, and longer gauge life.

DESCRIPTION	PART #	PRICE
Tester with Hard Case	52-73014	\$339.99
Tester with 12 mm Fitting	52-73015	\$339.99

DIGITAL SHOCK INFLATORS

- Easy to read and use with controlled flow valves.
- 300 psi Digital gauge easily reads to 0.5 psi.
- Controlled flow inlet and bleed valves makes precision shock settings much easier.
- Special chuck prevents pressure loss and inaccurate settings.
- Extra-long hose makes filling shocks on car a snap.
- Fill and bleed quickly and accurately.
- Inlet valve prevents air contamination when not in use, connect directly to nitrogen line.

DESCRIPTION	PART #	PRICE
Digital Shock Inflator	52-50473	\$249.99

BASIC SHOCK INFLATORS DIAL MODEL & DIGITAL

- Both models read to 300 psi by 0.5 psi units.
- Digital model includes special chuck that prevents pressure loss.

DESCRIPTION	PART #	PRICE
Dial Model Shock Inflator	52-50493	\$113.99
Digital Model Shock Inflator	52-50483	\$163.99

SPARK PLUG VIEWER AND HOLDER

- Get your jetting right for maximum power.
- Batteries included.
- 10X Magnification.

DESCRIPTION	PART #	PRICE
Spark Plug Holder Only	52-50885	\$17.99

ENGINE COMPRESSION TESTER

- 14 mm Plug adapter.
- Check for bent or leaking valves, bad ring seal, even leaking head gaskets.

DESCRIPTION	PART #	PRICE
Engine Compression Tester	52-73025	\$47.99

HEADER BOLTS CHEVY SMALL BLOCK

- Compact 12-point head – use a 3/8" box wrench to tighten around big tubes.
- Grade 9 alloy steel.
- 170,000 psi.

DESCRIPTION	PART #	PRICE
Header Bolts	52-35600	\$21.99

BRAIDED TEFLON FUEL LINE

- Smooth bore #8 AN 1/2" Teflon fuel line won't collapse at high fuel draw.
- Ends installed and ready-to-use.
- 144" Length for 102" to 114" wheelbase cars.

DESCRIPTION	PART #	PRICE
Braided Teflon Fuel Line	52-33900	\$168.99

BILLET REMOTE STARTER BUTTON

- Crank your motor over from the engine compartment.
- Cool billet aluminum.

DESCRIPTION	PART #	PRICE
Billet Remote Starter Button	52-45795	\$51.99

OIL FILTER CUTTER BILLET ALUMINUM

- Billet anodized aluminum, ball bearings.
- Cuts smaller filters too, from 2-3/8" to 4-3/4" in diameter.
- Cut your old filter open to spot problems before they cost you an engine.

DESCRIPTION	PART #	PRICE
Oil Filter Cutter	52-77750	\$59.99

AccuLevel™ DIGITAL LEVELS PRO MODEL

- Back light for dark places under car.
- Measure suspension and spoiler angles.
- Includes hard case.
- Reads to 0.1° (1/10°) – from 0 to 90°.
- Simple to use, easy to read, accurate.
- Can be field calibrated to maintain accuracy.
- Used in our Digital Caster/Camber gauges.

DESCRIPTION	PART #	PRICE
Pro Model AccuLevel™ Digital Level	52-78311	\$175.99

AccuLevel™ DIGITAL LEVELS BASIC MODEL

- Measure suspension and spoiler angles and lots more.
- Reads to 0.1° +/- from 0 to 90°.
- Simple to use, easy to read, accurate.
- Can be quickly field calibrated to maintain accuracy.

DESCRIPTION	PART #	PRICE
Basic Model AccuLevel™ Digital Level	52-78310	\$104.99

14" Uncoated Aluminum – Dished (2.5")	52-56835	\$112.99

1.25 lbs, 184 Holes
CNC Drilled to Save Weight

All hubs and spuds include a second safety groove for your protection.

STEERING WHEEL QUICK DISCONNECT SPLINED

Any play in the steering, including the hub, takes away control from the driver, letting the car 'wander around'. This Pro hub has a precision machined 4130 spud and a T6 Hard Anodized splined hub for a super tight fit, yet is easy to remove and install. Plus, there are multiple sets of mounting holes so you can 'clock' your wheel 3 times closer. For safety, there are 2 sets of retaining grooves. If you don't get the ring engaged, it will catch on the second safety groove rather than come off on the track. The steel spuds can be installed on either 3/4" or 5/8" shafts. Splined hub – pull ring release with double safety grooves on weld-on SAE 4130 spud.

DESCRIPTION	PART #	PRICE
Precision Fit Splined Hub	52-56605	\$103.99

3 Hole 5/16" x 1-3/4"

STEERING WHEEL QUICK DISCONNECTS HEX PUSH BUTTON

- Hex type.
- Aluminum hub.
- Weld to 3/4" or 5/8" (karts) steering shafts.
- Double safety grooves.

DESCRIPTION	PART #	PRICE
Hex Hub – Push Button Release	52-56600	\$41.99

STEERING WHEEL HOOK

- Hang your wheel out of the way.
- Bolts onto roll bar with no welding required.

DESCRIPTION	PART #	PRICE
1-3/4" Roll Bar Size	52-22576	\$31.99
1-1/2" Roll Bar Size	52-22577	\$31.99

GPS TRIGGERED IN-CAR TIMER

- This in-car timing system lets the driver see their lap times as they happen. Try different lines around the track to instantly find the fastest way. The GPS replaces the IR beam.
- Track mapping: divide the track into timed segments and see where you are fast and where you are losing time.
- Recall segment times in pits and compare laps.
- 3" Backlit graphic display.

GPS sensor
mounts in car.

HOT LAP™ GPS™

DESCRIPTION	PART #	PRICE
Hot Lap™ GPS Triggered In-Car Timer	52-21730	\$280.99

STOPWATCHES

ROBIC™

Robic™ SC 606W

- Clocks every lap.
- Computes average MPH.
- Counts laps to 999.
- 50 Lap memory.

Robic™ SC 505W

- Time every lap plus automatic lap count.
- 12 Memory recall.
- One button action for simple timing.

#16 Dry sump oil lines.

INSULATING FLOOR MATS

- Specially designed for use in driver's compartment.
- Made from fireproof non-asbestos heavy weight cloth.
- Silicon coated on one side and aluminized for heat reflection on the other side.
- Maximum temp: 600°F.
- In the middle is a heavy-duty high temp insulation material.
- Eyelets in the corners to mount with rivets or screws.

DESCRIPTION	PART #	PRICE
Floor Mat - 24" x 18"	52-64320	\$89.99
Floor Mat - 18" x 18"	52-64360	\$69.99
Floor Mat - 24" x 10"	52-64400	\$69.99
Floor Mat - 12" x 8"	52-64420	\$55.89

ALUMINIZED INSULATION CLOTH

- Easy to work with - just cut shape with scissors.
- Good insulation for firewall, floor, and tunnel.
- Max ambient temp: 600°F.
- Aluminized on one side to reflect heat, silicone coated on the other.

DESCRIPTION	PART #	PRICE
Aluminized Insulation Cloth 58" x 24"	52-64150	\$112.99

Not recommended for street applications.

HEADER INSULATION 'TAPE'

- Contains exhaust heat for better velocity, scavenging, more power, and cooler under hood temperatures.
- 2" x 1/16".
- 100' Roll will do for most V8 headers.
- Maximum temp: 1,250°F.

DESCRIPTION	PART #	PRICE
100' Header Insulation 'Tape'	52-64850	\$60.99
50' Header Insulation 'Tape'	52-64870	\$51.99
50' x 2" 1/32" Insulation 'Tape'	52-64830	\$43.99

STAINLESS STEEL TIES FOR HEADER TAPE, ETC.

- Holds header insulation in place.
- Use as a super strong wire tie.
- Stays tight.
- Heat resistant.
- Maximum temp: 1,250°F.

DESCRIPTION	PART #	PRICE
Header Wrap Locking Ties 8", 8-Ties	52-47840	\$17.99
Header Wrap Locking Ties 8", 12-Ties	52-47843	\$21.99

NEW

FROM AFCORACING.COM

81 SERIES STOCK MOUNT

- AFCO'S **NEW** 81 Series Stock Mount Shocks are designed specifically for Southern Sport Mod, Hobby Stock, and Street Stock cars.
- The new large body front shocks feature a newly designed 44mm piston, which reduces fade and minimizes heat buildup. Multiple piston options are available, allowing for fine-tuned valving and maximum performance.
- The shorter front shocks enable you to lower the front end of your car, improving stability and control. Additionally, the maximum 21" extended-length rear shocks enhance handling and provide better forward bite, giving you the competitive advantage needed to cross the finish line first.
- Engineered for GM A/G Body Style cars, the 81 Series shocks offer a convenient stock mount option. The optimized lengths ensure compliance with regulations set by IMCA and other sanctioning bodies. Contact a sales representative to learn more about how the 81 Series shocks can significantly improve your car's performance.
